

## Features

- 8.5" Pillow top innerspring mattress featuring z-spring technology
- 76" Mattress length
- Convenient handle allows for quick and easy sleeper access
- Reinforced feet provide extra support to the base of bed mechanism when in the open position
- 1200 denier polypropylene/polyester decking provides greater strength and appearance
- Z-spring technology is a dual innerspring system found inside the mattress that allows the 8.5" mattress to fold into the sofa bed mechanism. In queen size this system consists of 346 13-Gauge steel springs.
- Patented z-coils create a sinuous spring effect when mattress is stored providing more flex in mattress allowing it act as a more comfortable sofa base
- 2-gauge chrome plated springs secure polypropylene decking to metal tubular frame
- The mattress is mounted to the sleeper mechanism, but can be removed if damaged or defective. With the mattress attached to the frame, there is no need to rotate or flip the mattress and no slipping or sliding of the mattress when in use.
- The mattress is secured to one of the sleeper mechanism cross bars which allows the z-coil springs to activate when the mattress is opened.
- Mattress dimensions: Queen W 60" x D 76" x H 8.5" (152 cm x 190 cm x 21 cm) (approx.)  
Double W 52" x D 76" x H 8.5" (132 cm x 190 cm x 21 cm) (approx.)
